

Mohegan Sun Expo Center Hosts 2024 Connecticut International Auto Show November 15-17

New-model Vehicles, EVs, Luxury Vehicles, Classics, Customs, and More

WHAT:

The [Connecticut International Auto Show](#) will take over the Mohegan Sun Expo Center with the latest cars, trucks, crossovers, SUVs, EVs, classic cars, custom vehicles, and more. This is the place to check out the latest 2025-model vehicles in a non-selling environment. With so many choices now available, guests will have the opportunity to learn about hybrids, plug-in hybrids, EVs, and gas vehicles, helping them choose what best suits their needs. Car enthusiasts are invited to sit behind wheels, inspect engines, and experience new technologies. Classic cars, car club collections and tricked-out jeeps will also be on display.

Additionally, The Connecticut Department of Transportation (CTDOT) will showcase the Driver Alcohol Detection System for Safety (DADSS) in a Ford Mach-E at the auto show. This advanced technology can detect when a driver's blood alcohol concentration (BAC) is at or above the legal limit, helping to prevent drunk driving and save more than 10,000 lives per year. As part of the [Driven to Protect Initiative](#), Connecticut is among the first states to integrate this system for real world testing.
